LANDMARK IIB PROJECTS

DEVELOPMENT OF INFRASTRUCTURE

The Bank is financing the construction of a cascade of small hydro-electric dams in Karelia.

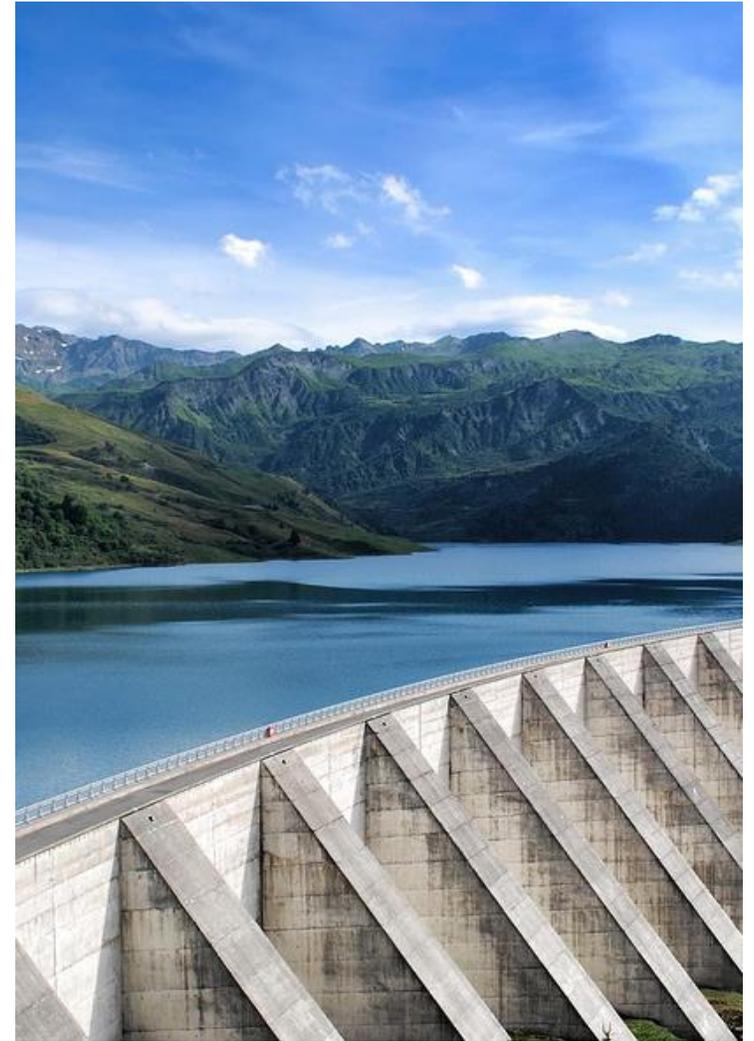

The project is included in a list of high-priority projects under the Federal Targeted Programme “Development of the Republic of Karelia to 2020”.

The project will allow the region, its residents and enterprises to be supplied with inexpensive, “clean” energy.

The implementation of “green” and renewable energy sector projects is among the priority activities of IIB, as an international development institution.

Key project parameters:

- Equivalent of 4.075 billion rubles
- 10 years
- Country: RF

LANDMARK IIB PROJECTS

INVESTMENT IN TRANSPORT AND INDUSTRIAL INFRASTRUCTURE

IIB has ensured financing for the lease-to-buy acquisition of aviation equipment manufactured in the Czech Republic.

The project provided a new impulse for the development of an existing aeronautics production plant, helped save existing jobs and create new ones at plants both in Russia and the Czech Republic, facilitated the development of the RF regional transport infrastructure, and boosted the level of security and accessibility of modern, high-quality and reliable air transportation services, which is particularly important for distant and hard-to-reach regions.

The deal, which fully complies with the IIB mandate as a multilateral development institution, has become a historic event in the process of reinforcing and expanding bilateral economic links between the member states of the Bank.

Key project parameters:

- Equivalent of 4.5 billion rubles
- 7 years
- Countries: RF, Czech Republic

LANDMARK IIB PROJECTS

DEVELOPMENT OF ENERGY SECTOR

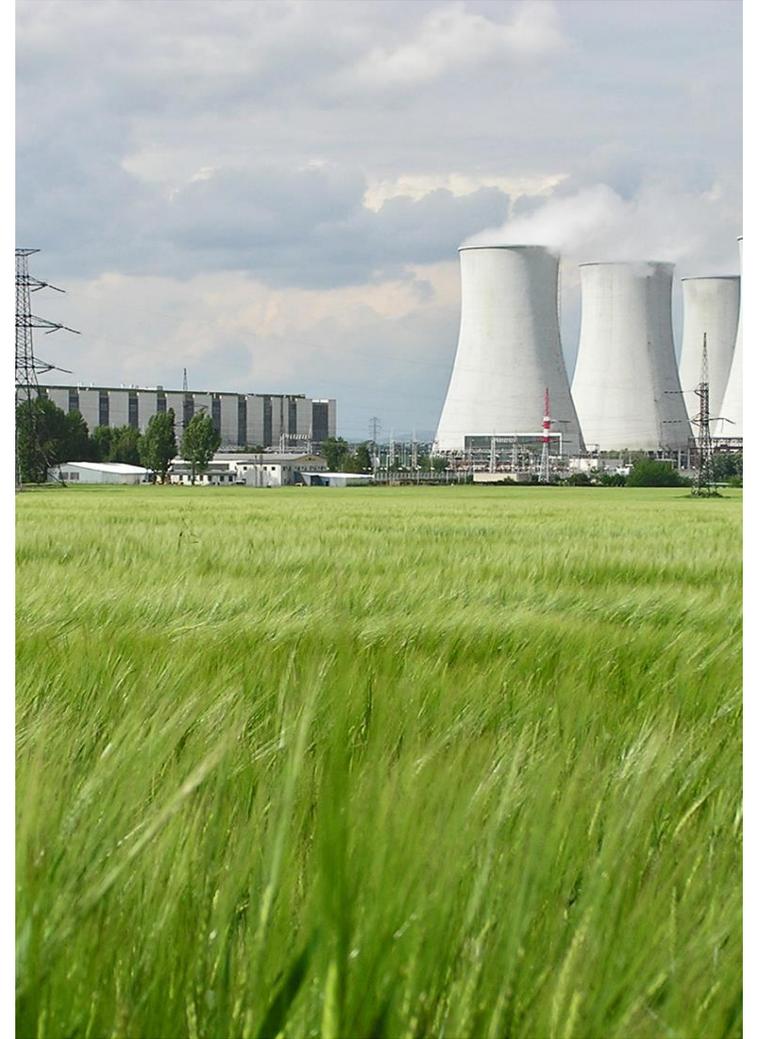

IIB has extended credit for the implementation of strategic projects to develop one of the largest energy holdings in Europe.

The activities by the borrower fully comply with the environmental responsibility standards of the IIB, as they cause almost zero harm to the environment. Most of the electrical power generated by the group involves no greenhouse gas emissions, due to the use of the most cutting-edge technologies harvesting nuclear, solar, water and wind energy.

Support for the energy sector in member states is one of the key areas of activities by the Bank, and as an international financial institution, IIB shares the sustainable development priorities of the United Nations Organisation, unswervingly focusing special attention on implementing projects in the “green” and renewable energy sectors.

Key project parameters:

- 90 mln euro
- 8 years
- Country: Republic of Slovakia

LANDMARK IIB PROJECTS

DEVELOPMENT OF INFRASTRUCTURE

In partnership with the Mongolia Development Bank, IIB has rendered financial support for the development of a series of projects critical to the national economy.

Projects were implemented in areas of strategic importance for Mongolia, such as the energy sector, the construction industry, and the food industry.

Funds provided by IIB were spent on expanding the activities of the leading enterprises in the country, performing technical retrofitting, integrating modern energy-saving technologies and environmentally-friendly technologies, whilst also creating new jobs.

Key project parameters:

- 50 mln euro
- 5 years
- Country: Mongolia

LANDMARK IIB PROJECTS

DEVELOPMENT OF SMALL AND MEDIUM-SIZED ENTERPRISES

Jointly with its long-term partner, the Black Sea Trade and Development Bank (BSTDB), IIB has financed small and medium-sized enterprises in the food industry of Bulgaria.

Cooperation with leading developing institutions, including in the loans and investment sector, remains one of the high-priority areas of activity of the IIB under our mandate as an international development bank.

Companies which received financial support from IIB were able to use funds to acquire new equipment, boosting production capacities and expanding product ranges, and to bolster their working capital.

Key project parameters:

- 11 mln euro
- 7 years
- Country: Bulgaria

LANDMARK IIB PROJECTS

DEVELOPMENT OF SMALL AND MEDIUM-SIZED ENTERPRISES

IIB concluded an agreement with International Finance Corporation (IFC) to participate in a syndicated loan to benefit small and medium-enterprises in Vietnam.

For the IIB, this syndication is the fourth joint deal with the IFC, one of the bank's key strategic partners.

Implementing projects to support small and medium-sized enterprise in Vietnam makes a major contribution to the cause of creating new jobs, as well as promoting national economic growth and ensuring greater prosperity for the population at large.

Key project parameters:

- 10 mln USD
- 5 years
- Country: Socialist Republic of Vietnam

LANDMARK IIB PROJECTS

RETAIL SECTOR DEVELOPMENT

IIB participated in extending syndicated credit to benefit a major Romanian company—the national operator of a retail trade network. The financing deal made it possible to purchase one of the largest food retail networks in the country.

For the Bank, this deal was also of strategic importance, because for the first time the loan was issued in the national currency.

The funds issued by the IIB were used to create new jobs and boost competitiveness in the retail sector of the Romanian economy, facilitating an increase in prosperity and quality of life for the population of the country.

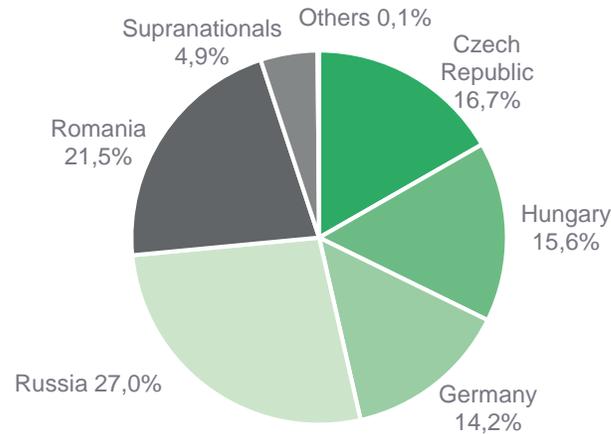

Key project parameters:

- 137.25 mln Romanian leu
- 7 years
- Country: Romania
